

screenImplementation.h

```
graph BT; screenImplementation.h --> screen.cpp
```

A diagram illustrating a dependency between two C++ files. At the top is a gray rectangular box labeled 'screenImplementation.h'. Below it is a white rectangular box labeled 'screen.cpp'. A blue arrow points vertically from the top of the 'screen.cpp' box to the bottom of the 'screenImplementation.h' box, indicating that the header file depends on the implementation file.

screen.cpp
